

# IoT-TICKET

Get started

# IOT & AI SOLUTIONS STUNNINGLY FAST

Create new business and enter new markets with the subscription-based, **multiple times globally awarded** IoT and AI platform, designed for creating market-ready solutions stunningly fast, cost-efficiently, and without a single line of code.

## THIS IS HOW YOUR BUSINESS ACCELERATES

### IMPROVES SIGNIFICANTLY TIME-TO-MARKET

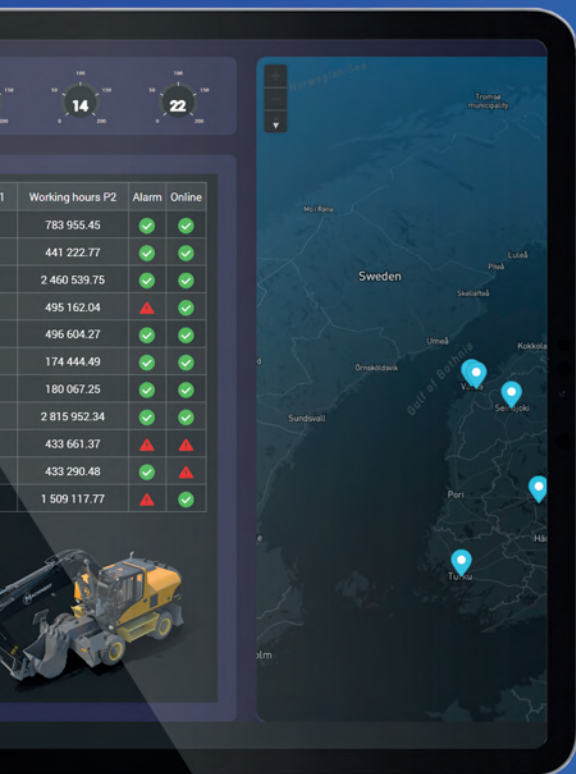

- Anyone can create massive scale, analytics enabled IoT solutions
- Resulting major cost savings and faster time-to-market
- No heavy R&D, infrastructure and project management costs
- Minimise risks with marketproof and award winning solution

### DRIVES YOUR DIGITAL TRANSFORMATION

- Concentrate on business development instead of software
- Turn your employees into solution designers to drive innovation
- Increase revenue by introducing new business models
- Improve processes, save costs, and increase safety

### A COMPLETE SOLUTION + IOT & AI EXPERTS WITH YOU

- Modern design tools with mobile interfaces
- Integrating into your existing ecosystems with 150+ protocols
- Deploy and store secure data anywhere in cloud or on-premise
- 350+ IoT and AI experts helping you to succeed and reach your goals

 <b>MAKE IT TRULY YOURS WITH BRANDING</b>	 <b>DON'T MISS A THING WITH ALARMS AND EVENTS</b>	 <b>SHARE VIA STORE</b>	<b>CREATE SERVICES AND ENTER NEW MARKETS</b>	
 <b>DATA OWNED BY YOU</b>	<b>API</b> <b>OPEN AND TWO WAY</b>	 <b>AI IN CORE</b>	 <b>VISUALLY RICH APPLICATIONS</b>	 <b>AI ENHANCED REPORTS</b>
 <b>CLOUD INDEPENDENT</b>	 <b>RUN ON-PREMISES</b>		 <b>BASED ON DIGITAL TWINS</b>	 <b>SCALE YOUR BUSINESS WITH SUBSCRIPTION MANAGEMENT</b>
 <b>PLUG &amp; PLAY DATA CONNECTIVITY</b>	 <b>INTEGRATES INTO EXISTING ECOSYSTEMS</b>	 <b>SSO ENABLED USER MANAGEMENT</b>	 <b>MODERN DEVICE MANAGEMENT</b>	 <b>SECURITY AS PRIORITY</b>

## THIS IS WHY OUR CUSTOMERS CHOOSE US

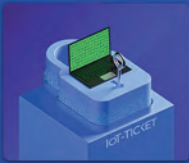

### SUPER FAST AND EASY

IoT-TICKET® is fast to take into use. Using our solution's easy to use low-code, no-code tools, it is effortless to create market ready IoT and AI applications quickly without any understanding of coding. Anyone can learn to use it.

### AI & ML IN CORE

AI and analytic features, like machine learning and machine vision have been at the core of our solution from the beginning. They form a seamless part of the workflow, whenever you need them.

### PLATFORM SECURE & FUTURE PROOF

Our solution is not locked to any specific cloud provider or device. It can be used with any modern cloud infrastructure or even on-premise. Our constant development using state of the art technologies, modular architecture, and scalability make the solution future proof and a safe investment.

### AGILE PARTNER WITH HORIZONTAL KNOWLEDGE

We are a trusted partner for our customers through different domains. By having decades of experience from demanding digitalisation needs, we are able to advise and apply the best practices into the use for our customers.
